About Us

OUR STORY

Oranges are round orange-coloured fruit that grow on a tree which can reach 10 metres (33 ft) high. Orange trees have dark green shiny leaves and small white flowers with five petals. The flowers smell very sweet which attracts many people, all people. Co-Founded in 2018 by globally syndicated radio and media personality Angela Yee.

OUR PROCESS

We believe in a different approach to making juice. The cold-pressed way. It's our way of helping protect the flavor and nutrients of the raw fruits and vegetables we bring into our juicery. No added colors or flavors nature didn't put there. Just our favorite produce, tasting as close to fresh picked as possible with minimal processing.
